Surgical Procedure Log Book

Student’s Name: __________________________

- Only record the surgical procedures in which you have performed in the role of the first scrub (* please see below for definition).
- Use Black Ballpoint pen.
- Use one line per procedure.
- Complete the date of procedure.
- Initial under proper heading categorizing the procedure under one of six headings. (Please see examples for each surgical specialty).
- Complete Verification of Surgical Experience Form.

**First Scrub:** The surgical team member who gowns and gloves self, creates the sterile field by setting up the backtable and Mayo stand, gowns and gloves the surgeon and other members of the surgical team, maintains and governs aseptic technique of the sterile field, does all required counts, and is the primary handler of instruments, supplies, and equipment.
The following is a list of examples of general surgical procedures. It is not inclusive, but serves as a guideline for categorizing your surgical experiences.

Abdominal Perineal Resection
Appendectomy: Open or Laparoscopic
Breast Biopsy
Cholecystectomy: Open or Laparoscopic
Cholecystostomy
Colon Resection: Open or Laparoscopic
Common Bile Duct Exploration
Diaphragmatic Hernia
Draining Pancreatic Cyst
Esophagectomy
Esophagogastrectomy
Esophagomyotomy
Excision of Pilonidal Cyst
Femoral Hernia
Fistulotomy/Fistulectomy
Gastrectomy/Gastroplasty
Gastrojejunostomy
Gastrostomy
Groshong Catheter Insertion
Hemorrhoidectomy
Incisional Hernia
Inguinal Hernia: Open or Laparoscopic
Modified Radical Mastectomy
Liver Biopsy
Liver Resection
Nissen Fundoplication: Open or Laparoscopic
Parathyroidectomy
Pyloroplasty
Roux en-Y
Sigmoidoscopy
Small Bowel Resection
Splenectomy: Open or Laparoscopic
Thyroidectomy
Tracheotomy & Tracheostomy
Umbilical Hernia
Vagotomy
Vascular Access Procedures
Vein Ligation & Stripping
Ventral Hernia
Whipple Pancreaticoduodenectomy
The following is a list of examples of gynecologic and obstetrical surgical procedures. It is not inclusive, but serves as a guideline for categorizing your surgical experiences.

Abdominal Hysterectomy
Anterior & Posterior Repair
Basic Colposcopy
Biopsy of Vulva
Cervical Biopsy Cryotherapy, Laser Treatment, LEEP, and Conization
Cesarean Section
Cone Biopsy
D & C with or without suction
Diagnostic Laparoscopy
Ectopic Pregnancy
Excision of Vulvar Skin
Hysteroscopy
Laparoscopic-Assisted Vaginal Hysterectomy
Marshall-Marchetti-Krantz or RAZ
Marsupialization of Bartholin's Cyst
Myomectomy
Oopherectomy
Pelvic Exenteration
Salpingectomy
Tubal Ligation
Tuboplasty
Uterine Suspension
Vaginal Hysterectomy
Vaginal Vault Suspension
Vulvectomy
The following is a list of examples of genitourinary surgical procedures. It is not inclusive, but serves as a guideline for categorizing your surgical experiences.

- Adrenalectomy
- Biopsy of the Bladder
- Biopsy of the Prostate
- Circumcision
- Cystectomy/Ileal Conduit
- Cystoscopy
- Cystostomy
- Stone Removal
- Stent Insertion
- Hydrocele
- Hypospadius
- Internal Urethrotomy
- Nephrectomy
- Orehiectomy
- Orchiopexy
- Penile Implant
- Percutaneous Nephrostomy
- Radical Suprapubic Prostatectomy
- Renal Transplant
- Retropubic Prostatectomy
- Torsion of the Testicle
- Transurethral Resection of the Prostate (TURP)
- Transurethral Resection of the Bladder (TURB)
- Ureterolithotomy
- Vasectomy
- Vasovasostomy
The following is a list of examples of orthopedic surgical procedures. It is not inclusive, but serves as a guideline for categorizing your surgical experiences.

Above-the-Knee or Below-the-Knee Amputation
Arthroscopy
Arthroscopic ACL Repair
Arthroscopic Bankart Repair
Arthroscopic Meniscal Repair
Bunionectomy
Cannulated Hip Screw
Carpal Tunnel Release: Open or Endoscopic
Closed IM Rod - Femur
Closed IM Rod-Humerus
Closed Reduction with pinning
Hip Screw Compression
Dupuytrens Contracture
External Fixation of Lower Extremity
External Fixation of the Upper Extremity
External Fixation of the Pelvis
Ganglion Excision
Incision & Drainage
ORIF Ankle
ORIF Femur
ORIF Fibula
ORIF Radius
ORIF Tibia
ORIF Ulna
Osteotomy
Removal Hardware
Repair of Rotator Cuff
Triple Arthrodesis of the Ankle
Total Hip Arthroplasty
Total Knee Arthroplasty
The following is a list of examples of otorhinolaryngologic surgical procedures. It is not inclusive, but serves as a guideline for categorizing your surgical experiences.

Bronchoscopy
Caldwell-Luc Regular or endoscopic
Esophagogastroduodenoscopy (EGD)
Ethmoidectomy Regular or endoscopic
Intranasal Antrostomy
Laryngectomy Total or partial
Laryngoscopy
Lefort I, II, or III
Mandibular Fracture
Mastoidectomy
Myringotomy
Otoplasty
Panendoscopy
Parotidectomy
Polypectomy
Radial Neck Dissection
Septoplasty
Septorhinoplasty
Sinoscopy
Sphenoidectomy
Stapedectomy
Stapedotomy
Submucous Resection (SMR)
Tonsillectomy & Adenoidectomy (T&A)
Turbinectomy Regular or endoscopic
Tympanoplasty Regular or endoscopic
Uvulopalatopharyngoplasty (UPPP)
VERIFICATION OF SURGICAL EXPERIENCE

The following signature must be obtained to verify the first scrub role experience as documented in the Surgical Procedure Log Book.

I, ____________________________________________ verify that ______________________________________________________ has completed

125 surgical procedures in the first scrub role as documented in the Surgical Procedure Log Book.

Operating Room Supervisor’s Signature: __________________________________________

Date___________________

Name and address of Facility: _________________________________________________
